

Learn Bright Dental

Dental Education in the East of England

Extended Duties Dental Nurse Training

Disease Prevention

This CPD course is designed for Dental Nurses who wish to further their skills in providing **oral health promotion** to patients both in the clinical environment and in the community. It additionally features training in **fluoride varnish placement**.

Next Course in early 2026, dates TBC soon

Course Outline

This is a hybrid course including learning both as online lectures and face to face sessions to support your own research and reading. Teaching takes place in the evenings and most of the course is via distance learning to limit the impact on your clinical work.

Face to face sessions will take place at
13a Bromley Road, **Colchester**, CO4 3JE.

You will develop your clinical skills by undertaking case studies within your own practice under supervision of your mentor.

Assessments

Assessments will take the form of - Multiple Choice Questions (MCQs), Objective Structural Clinical Examinations & a Case Study Portfolio. Students will be supported throughout the course by the teaching team and your own Personal Tutor.

Student Fees

This CPD course is £650 per student. For students working within Essex, **Essex LDC have kindly provided 50% funding to reduce self-funding to £325.** For students in **Norfolk/Waveney** and **Suffolk/NorthEastEssex** the **ICBs has kindly provided 100% funding.** Spaces will be allocated on a first come first served basis.
